

TEACHERS MEET ON NEXT FRIDAY

Will Plan Course of Study For The Year.

Two New Members Added to Force
Next Week—Miss Lucy Scott
and Prof. Miller.

ATTENDANCE IS ENCOURAGING.

The date of the first monthly meeting of city school teachers has been set for Friday, September 21, and at the meeting a course of study will be selected. It is expected that some professional course will be adopted. Several have been mentioned but no particular one seems to be favored.

"Monday we will start out with two new teachers," said Supt. Leib this morning. "We had to fill two vacancies. One was the place of Mrs. Anna Broaderson at the Franklin building and the other Prof. W. E. Everts, assistant principal. The former place was filled by the appointment of Miss Lucy Scott and the latter by the appointment of Prof. George F. Miller. It was agreed that the committee and I should make the selection."

Because of the absence of these two teachers a total of about 250 pupils were not taught in English in the lower departments. The English is being successfully taught in the High School.

A Successful Week.

"The total enrollment for the first week will exceed the first week of last year by several hundred," Supt. Leib stated. "The attendance has been nearly up to the enrollment too, and this is one singular but gratifying fact. We expect that next week much better work will result, but still we are handicapped by the absence of a regular principal at the McKinley school."

Yesterday afternoon the weekly principals' meeting was held. Encouraging reports were made and the work outlined.

School Orchestra.

The High school orchestra will be organized Monday night but already the full roster has been announced. The High school orchestra has been a feature of the schools for two years and this year will be larger and better. The members will be: Will Reddick, director; Miss Ada Brazelton, piano; E. Robertson, clarinet; C. Bonds, Annie Eades, first violin; George Rawleigh, Jr., second violin; Robert Bondurant, first cornet; Stuart Bonds, trombone; Bertram Brown, second cornet.

Mt. Vernon	8.3	0.2 fall
Paducah	11.0	0.1 rise

RIVERS

The gauge registered a stage of 11 feet this morning, a rise of 0.1 in the last 24 hours. Business was fair at the wharf today.

The City of Saltville left St. Louis last night for the round trip to the Tennessee river and will arrive here tonight.

The Kentucky will leave this evening for the Tennessee river as far as Waterloo, Ala.

The only excursion planned out for the city on the river Sunday is the negro excursion to Cairo on the Henry Harley. The Cowling will leave the city at 9 o'clock tonight with an excursion party from the carnival. They will come to the city this morning from Metropolis and Brookport.

The John Hopkins was the Evansville packet today. No Evansville packet Sunday.

The Sycamore will be let into the river today instead of Monday and will leave immediately for the upper Cumberland trade, the water there still being good. Cylinder pieces were being placed in the Harvester at the ways today.

The Gate City was inspected yesterday and will go on the dry docks for slight repairs. It will be another week now before the Gate City can enter the Paducah-Dyersburg trade.

The Dick Fowler will get back tonight from Cairo, having left for that point this morning.

The Savannah will arrive out of the Tennessee river tonight on the return trip to St. Louis. This is said to be the last trip of the Savannah in the Tennessee river trade out of St. Louis this season.

The Buttrick will arrive from Nashville Sunday night and the schedule will be to wait over until Monday noon. The Buttrick has knocked schedules sky-high in the last month or so.

An evidence of, where there's a will, there's a way, may be had at the dry docks where Barney Davis, though possessing only one leg, plies his trade of caulker as vigorously as he did before the accident, which cost him his right leg. He has a diminutive camp stool on which he sits and moves about. He is one of the best workmen on the docks and has worked there many years, both before and after his accident.

Official Forecasts.

The Ohio at Evansville and Mt. Vernon, will continue falling during the next several days. At Paducah and Cairo, will commence falling today.

The Tennessee at Florence, will continue falling at Johnsonville, not much change during the next 24 hours, then fall.

The Mississippi from Chester to Cairo will fall slowly during the next 24 hours.

In these days of rush and hurry courtesy is often forgotten. In the mad, pell mell rush of our life little things are done to offend that we rather remained undone. A hastily eaten meal and its resultant headache may cause us social or financial loss. The wise man or woman is the one who relieves little ills of this sort by a little dose of Kodol for Dyspepsia. It digests what you eat. Sold by Lang Bros.

Root Cables.

A cable message was received in Panama yesterday from Secretary Root, stating that he would arrive there the morning of September 21, and leave for Cartagena the following evening after he had inspected the railroad and canal works.

When two strong men come to blows, even if they are well-matched, it is not a pleasing sight, but if the man who gets the worst of it will use DeWitt's Witch Hazel Salve, he will look better and feel better in short order. Be sure you get DeWitt's. Good for everything a salve is used for, including piles. Sold by Lang Bros.

—Leave your order for flower pots with Hank & Davis. Phone 690-M.

Good for the cough, removes the cold, the cause of the cough. That's the work of Kennedy's Laxative Honey and Tar—the original laxative cough syrup. Contains no opiates. Sold by Lang Bros.

A girl likes to think that other girls think her attractive.

BANK CLEARINGS INDICATE GAINS

Paducah Money Market Is Easier This Week.

Real Estate Dealers Report Demand
for Houses and Business
Much Better.

COUNTRY BUYERS IN TOWN

Bank clearings \$766,250
Same week last year . 599,116
Increase \$167,134

There is no better indication of the city's steadily increasing wealth and prosperity than is afforded by the bank clearings. They are susceptible to every shade of change for the better or worse, and this fall they have been for the better. In Paducah, money has been easier the last week in sympathy with the general relaxation all over the country and noticeably in New York, the pulse of the financial world in this country.

From the real estate dealers comes the cheering word that an increasing demand for houses is filling up the many vacant ones over the city. The demand at present is for the better class of houses, but from the tone of the demand it is indicated that the next 60 days probably will see few vacant properties in the city. The real estate market has gained in strength during the week and while no significant transactions have been recorded, the outlook for the fall is encouraging.

There have been many buyers here this week from towns surrounding Paducah purchasing fall and winter stocks. In the wholesale grocery trade the demand is steady and increasing, with a larger volume than for the corresponding period of last year. In the distribution of candy and other luxuries, conclusive proof of the general prosperity of the country is furnished.

Readstreet's Report.

New York, Sept. 20.—Readstreet's weekly trade and business report for the present week follows:

Trade, crop and industrial reports are still almost uniformly favorable. An increase in business is doing in the west and northwest and the southern jobbing trade shows expansion. Inability to get adequate supplies of many lines of goods is the main subject of complaint at the eastern markets. September, like August, appears to be seeing heavy gains over the corresponding month a year ago. The official crop reports confirm the previous public and private advice of very large, if not record yields, but the price and traffic conditions are a bar to free movements. Car shortages are no longer subjects of speculation but are an accomplished fact and terminal facilities were also unequal to the strain. Money is rather easier especially at the east, where large gold imports, on special terms have weakened the rate. Prices of staples show great strength, all things considered, and are, in fact, at the highest level yet touched. All in all, the situation is in a high degree encouraging.

Wheat including flour exports for the week aggregated 4,953,000 bushels against 1,682,000 bushels for this week of last year. For the past eleven weeks, 30,626,000 bushels against 11,873,000 bushels of a year ago.

Corn exports 985,000 against 1,226,000 bushels of a year ago. For the fiscal year to date 7,433,000 bushels against 11,859,000 bushels in 1905.

DeWitt's Little Early Risers. Pleasant little pills that do not gripe or sicken. Sold by Lang Bros.
